LA-based editor with 12 years of experience editing television, streaming and documentary for HGTV, NPR, Vice, Travel Channel and MasterClass. I've cut multiple show opens, can write, and have a fierce grasp on structure, pacing and performance. 5 years managing complex post teams under extremely tight deadlines. Equal parts creative and technical, I cut without ego and can take notes.

SYSTEMS

- Avid Media Composer
- Adobe Creative Suite: excellent on Premiere, Photoshop, Illustrator, decent on After Effects.
- I have a full edit suite with both systems and can work remote
